Seal of Biliteracy

The Seal of Biliteracy is a credential that can be earned by high school students in many states to certify proficiency in a language other than English. Seals are granted when students meet certain requirements, including attaining certain benchmarks on state-approved standardized assessments of language proficiency. To be considered for the awarding of credit by William Jewell, students must arrange for the submission of official reports that document their scores on all subsections of the assessment taken.

The minimum scores that must be achieved for the awarding of credit in French or Spanish on the AACTFL Assessment of Performance Toward Proficiency in Languages (APPL) and the Avant Standards-Based Measure of Proficiency (STAMP 4S) are shown below. For other exams or other languages, the chair of the Department of Languages will be consulted.
