- ☐ Alcohol/Drug abuse
- ☐ Bleeding disorder
- ☐ Cancer/type
- ☐ Death before age 50
- ☐ Diabetes
- ☐ Heart disease/hypertension
- ☐ Mental Illness
- ☐ Other familial health problems

Recommended Immunizations and Tests

ALL STUDENTS – William Jewell College recommends the following vaccinations.

NURSING MAJORS - Clinical agencies require all of these and other additional immunizations. Speak with the Department of Nursing if you have any questions.

MMR (Measles, Mumps, and Rubella): Two doses are required for full immunization.

MCV (Meningitis vaccine): One dose must be after age 16. If initial dose after age 16, only one dose required.

Meningitis B: Two doses at least one month apart.

Tdap (Tetanus/ Diphtheria/ Acellular Pertussis): Within past 10 years.

Varicella (Chicken pox): Two vaccinations at least 4 weeks apart or immunity (titer/blood test) after infection.

IPV (Polio)

Hepatitis B: Series of three.

COVID 19

Student Authorization

☐

I acknowledge William Jewell College's recommended immunizations and that I assume full responsibility for my immunization status and agree to hold-harmless William Jewell College for my health and well-being.
